MESSAGE FROM KIMFT PRESIDENT

Warmest felicitations to the organizers and participants to the 2nd Biennial Convention and General Assembly (20th Founding Anniversary) of the Philippine Association of Extension Program Implementers, Inc (PAEPI)! May PAEPI attain genuine success in all its undertakings beneficial for the extension services workers, the institution and the community in general!

Best wishes and congratulations to PAEPI and to Angelica!

SHIN GIL KANG *Shin Gil Kang*
President, Korea Institute of Maritime Fisheries and Technology (KIMFT)

KIMFT provides various vocational training courses required for the seafarers on domestic and ocean-going ships, also performs the function of the national examination regarding the certificate of competency of ship officers on behalf of the Korean government, and is engaged with the research and development activities in the areas of maritime and fisheries.

ACKNOWLEDGEMENTS AND DEDICATION

The PAEPI Biennial Publication cum Souvenir Programme First edition, wishes to acknowledge those whose names appear here and those who share their time, effort and resources in making this publication a reality. Most especially to the Almighty Good Lord for the wisdom, courage and strength provided to us at MAAP-DRES to carry on with this project and for touching the hearts of the sponsors, donors and patrons whose companies and names are all listed on Part 10 of this publication.

This project is certainly a miracle and a living example made possible only thru Divine Intervention! This first edition is dedicated to God for His Greater Honor and Glory!

PAEPI Logo & Seal

by Dr. Vic Paguila

THE TRIANGLE:

The triangle represents the Philippines as a strong republic through the PAEPI way reaching all its corners and islands. Its yellow background color manifests a brighter future for the country.

THREE SILHOUETTES WITH A BIG HEART EACH:

The three person-silhouettes represented by a big heart, head and arm show each and every individual or group, government and non-government associations, educational institutions, officials and members of the PAEPI voluntarily making themselves EXTENSIONISTS willing to carry out the mission, vision, and objectives of the association in all the three main islands of the country, that is, LUZON, VISAYAS, and MINDANAO irrespective of their culture and tradition, race and religious affiliation with more emphasis for the indigenous people and/or marginal sector of society who need most the services of the EXTENSIONISTS. The three big hearts manifest the “service to others before self” principle. This is the care and key players of the association.

THREE EQUAL SECTORS OF THE CIRCLE WITH GREEN BACKGROUND:

The three equal sectors each represents the 3Es in PAEPI like the EXTENSIONISTS, the END-USERS, and the EXTENSION PROGRAM. The first sector-EXTENSIONISTS – the service and training provider and the source of the social transformation. He/she is referred to as the “Extensionists with a heart”. He/she voluntarily joins the organization more importantly for service to others, especially to the less privileged and indigenous people and/or the marginal sector of society. The second sector – END-USERS – the beneficiaries of the association objectives and programs. These trained in a specific trade or skills they have learned and developed for their own and others for economic upliftment. The third sector – EXTENSION PROGRAM – this is the lifeblood of the association without which, the association will die a natural death. The Extension Program spells out the continuing existence of PAEPI and defines the welfare benefits it provides to both the EXTENSIONISTS and the END-USERS in particular and the ASSOCIATION in general.

THE OUTSIDE AND INSIDE CIRCLES REPRESENTED IN YELLOW ROPE:

The big and small endless ropes tightly bind the PAEPI beneficiaries – the end-users in a strong, loving and caring relationship for the welfare and interest of the entire membership of the program with emphasis on the legal foundation, institution and by-laws wherein the association has been established.

In between the big and small rope circles is a space where the words PHILIPPINE ASSOCIATION OF EXTENSION PROGRAM IMPLEMENTORS, INC. is inscribed.

PAEPI Hymn

*Original text written by PAEPI Board 2001
(lyrics by Atty. Anita S. Chauhan)
Final text and Music by: Prof. Andrea B. Gomez*

I

Hear ye, Extensionists with a heart.
Quell the fears of youth and elders:
Calling for peace, commitment be our creed.
Protect and save our mother earth.

Refrain:

Go, go, go Extensionists,
Extensionists with a heart:
Go, go, go Extensionists,
Extensionists with a heart.

II

Go where the angels fear to tread,
Where greed and vices remain:
Where people's voices fade
unheard,
Faith and hope still sustained.

(Refrain)

III

Seek truth and justice,
Inspire growth and progress:
Wipe the tears of men and women:
To God and country, we pray is our duty
Our never-ending service to humanity.

Go, go, go Extensionists,
Extensionists with a heart:
Go, go, go Extensionists,
Go. PAEPI, Forevermore!

(Repeat III and Refrain)

From the President

DR. ANGELICA M. BAYLON

Director for Research & Extension Services
Maritime Academy of Asia and the Pacific

Office of the President

Philippine Association of Extension Program
Implementers, Inc. (PAEPI)
c/o Office of the Department of Research and
Extension Services, MAAP, Mariveles, Bataan

Philippine Association of Extension Program Implementers, Inc (PAEPI) is a recognized professional association whose nationwide membership consists of responsible officials and extension implementers in varied CHED accredited higher educational institutions (HEIS), Non-Government Organization (NGOs), Government Organization (GOs), Local Government Agencies (LGA), Local Government Units (LGUs). PAEPI is engaged in the conduct of professional development activities and projects for the enhancement of competencies of its members for the community that they serve. Its membership consist of individual, institutional and chapter members.

PAEPI has been recognized by its partners for two decades (1999-2010). PAEPI in my term as President FY 2009-2010 received recognitions from the Philippine Commission on Human Rights (CHR) as a national partner in establishing 26 Centers for Human Rights Education (CHREs) in its member institutions nationwide, commendations from the Philippine Navy as partner in the organizational capability training its men and women, from the Voluntary Service Organization (VSO-Bahaginan) for the first PAEPI volunteer Dr. Rowena Nieveras who is the PAEPI VP for Mindanao and CES Director of Universidad de Zamboanga sent in Accra Ghana Africa for a 2-year volunteer service at the Ministry of Education, from the Philippine Commission on Higher Education, Office of Program and Standards (CHED-OPS) for the two recommended PAEPI members to be part of the CHED technical panel on extension services concerns so that PAEPI could assist and be represented and finally the signing of MOU with STIE Perbanas Surabaya Indonesia for the First PAEPI- STIE Perbanas Joint International Conference in February 2012 at STIE Perbanas Surabaya, Indonesia.

Moving forward is the focus of PAEPI as shown in its Strategic Framework 2010-2020. PAEPI had embarked on viable plans and projects as manifested in the PAEPI Strategic Plan (PSP or Game Plan) and National Extension Agenda (NEA).

The top priority is "Implementation of Research-Based extension Programs" which aims at addressing MDGs thru PAEPI members who will share them in the convention and be recognized with their initiatives based on set PAEPI criteria and standards. Secondly, PAEPI is to take care of the welfare of its members and the extension workers in general thru the PAEPI policy advocacy on "Magna Carta for Extension Workers". Hence, PAEPI is honored to have two keynote speakers in the 2nd Biennial Convention and 19th General Assembly.

On the first day (December 9, 2010), Dr Roberto S. Padua, former CHED Commissioner and Chair of the

CHED Technical Panel on Research, will inspire the PAEPIANs and guide them with the five research impact factors for research-based implementation of extension services programs. Congressman Eulogio "Amang" Rodriguez Magsaysay Jr., representative and the voice of PAEPI in the House of Congress for the PAEPI policy advocacy "Magna Carta for Extension Services Worker", as the guest of honor and speaker on the second day (December 10, 2010).

PAEPI has all the bright ideas, but these have to be animated through the assistance, guidance and approval of people with position to make things happen. The PAEPI development projects and plans shall truly make a difference in the lives of extension workers and its members!

This initial PAEPI Biennial Publication cum Souvenir Programme forms part of the PAEPI legacy with the prime objective of documenting all the initiatives of this organization for the information of its memberships and supporters. As ideas are useless unless documented and shared for participation and implementation by all concerned.

This publication serves as proof of a renewed PAEPI commitment to its members and as a blueprint for the succeeding PAEPI board of directors and officers to continue the unfinished business. This PAEPI Biennial publication is organized into eight (8) parts.

Other projects in line include establishment of PAEPI website (www.paepi.webs.com) which is currently uploaded at map website (www.maap.edu.ph/paepi2010conference/index.html), update of the national PAEPI directorate and formation of a SEAAPI (Southeast Asian Association of Extension Program Implementers) among interested Asian partners. Many thanks to Aklan State University (ASU) and the local organizing committee ably led by its President Dr. Benny Palma for hosting this Convention.

To my institution AMOSUP (President Capt. Gregorio S. Oca) and MAAP (President Vadm. Eduardo Ma R Santos, AFP (Ret)), thank you for the inspiration, trust and confidence in me as research and director, hence implementation of plans during my term as PAEPI National President have been accomplished smoothly with confidence and vitality.

My heartfelt thanks and appreciation to fellow PAEPI officers, board of directors, ex-officers, advisers and members for sharing their time and expertise in sustaining the PAEPI-leadership in action.

Last but not the least, words are insufficient to express my gratitude for the heartwarming messages of highly esteemed personalities and friends whose names and companies are reflected on the latter part of this publication. It was through their kind heart and goodwill that this project has been accomplished.

This maiden issue is a living document that PAEPI is blessed and through Him and with Him, this organization would continue to be the leading association of professional extensionists with members representing HEIs, NGOs, NGAs LGAs, LGUs in varied disciplines!

Angelina M. Baylon
