Hosted by Pamantasan ng Lungsod ng Pasig December 1-3,2014

Every **PAEPI President** –and that includes me–looks forward to the **PAEPI Convention and General Assembly**, almost from the day elected in **2008** and then ex-officio in **2010** and re-elected in **2012** to date (3 terms from 2008-2014). Hence it is time to provide others the fantastic opportunity to lead the PAEPI from 2015 on-wards.

The **best team** possible is designed in addition to elected officers, working hard and smart to accomplish all goals set for the Association- so that in the end, there would be **a story to tell and be proud of**.

Such is happening today in our 4th PAEPI Biennial General Assembly. We had a very fruitful and blessed year for PAEPI. We have revitalized PAEPI in so many remarkable ways, which form part of this comprehensive PAEPI Accomplishment report **FY 2012-2014**.

Our host, the Pamantasan Ng Lungsod ng Pasig (PLP) or the University of Pasig under its President **Dr. Amihan April Alcazar**'s dynamic leadership, left nothing to chance, making sure that all delegates (including guests) will never forget this Convention as most meaningful and enjoyable!

On behalf of the PAEPI Executive Officers and PAEPI Honorary Board of advisers representing all regions in the country (**Dr. Michael Muhi of PUP Visayas; Dr. Ruby and Dr. Rolando Hechanova of SKSU Mindanao and Dr. William Medrano of ISU Luzon**), we thank all those who made this 4th **Biennial Convention 2014** truly memorable. We thank the distinguished guests, the local organizing Committee, the PAEPIans representing various regions who are here to witness our moment of legacy, and to our sponsors, donors, and patrons, my heartfelt thanks!

We hope that everyone will carry sweet memories of PAEPI 2008- 2014 for a long time! This is the PAEPI Accomplishment Report for the 2012-2014!

The PAEPI goals and objectives documented were beneficial to PAEPI membership.

Based on the practical problems on **monitoring, documentation, auditing procedures**, and **reporting** in the organization as the tasks of officers/members were purely voluntary, the following resolutions are hereby proposed for approval by the General Assembly:

Pursuant to the implementation of the PAEPI National Extension Agenda (PAEPI- NEA) 2010-2030 with the forged MOU on October 22, 2010, between PAEPI and **STIE Perbanas Surabaya Indonesia** (Rector Tatik Suryani) for a joint hosting and organizing an international conference in February 2012.

Res. No. 16 Series 2014	RESOLVED that PAEPI conducts the 5 th Biennial Convention and 2 nd International Conference with the theme " <i>PAEPI International Linkage: Onwards to Globalization in Extension thru sharing of research-based extension services program implementation</i> " in 2016 preparation starts as early as 2015.

-----------------------------------	--

It is envisioned that PAEPI, through its newly elected PAEPI BOD/officers 20014-2016, would continue the PAEPI legacy and pave the way to:

1. Publish a PAEPI Extension Referred Journal

Scholarly papers on best extension practices by PAEPI members in In partnership with research associations, both local (PAIR, PhilARM, and NRCP) and international (AUSN, TREEDC, TUT, and STIE Perbanas, Surabaya Indonesia) to be accredited by CHED.

2. Go International in partnership with STIE Perbanas Surabaya Indonesia in 2015 or 2016 or with any other global partners.

It is an opportunity for its members to present and share their best practices with their foreign counterparts in the ASEAN region.

3. Continue with the PAEPI Biennial Publication cum Souvenir program to update members with its initiatives hence encourage participation and support by all concerned.

It was a struggling and challenging journey from 2008-2010, 2010-2012, and 2012-2014 as PAEPI President for three consecutive Biennial Conventions. Indeed more struggles and challenges are still at hand along the way with massive tasks for the succeeding Presidents.

Nevertheless, the first concrete significant steps have been made, and we get satisfied with the thought that having been given the vote of confidence and trust by the PAEPI memberships in **2012 October** during the **3rd PAEPI Biennial Convention and General Membership Assembly**, the 2012-2014 PAEPI BOD/officers/team have done its very best to continue the

legacy of what our predecessors have begun and the rest is history.

Special thanks to the PAEPI executive officers (2012-2014):

PAEPI VP : Dr. James Loreto Piscos (SBU), NCR
PAEPI Secretary: Dr. Carmelo "CJ" Vidal (UL), Region 4
PAEPI Treasurer: Dr. Elizabeth Joson (BPSU), Region 3
PAEPI Auditor : Dr. Cristopher Manaouis (SPCF), Region 3
PAEPI PRO : Dr. Ana Marie Bonito (CBSUA), Region 5

As PAEPI is the leading professional Association of extensionists, PAEPI members, institutions, and individuals are encouraged to continuously support PAEPI and implement the PAEPI paradigm with a passionate commitment to PAEPI VMGO (vision, mission, goals, and objectives).

In line with our 2014 theme, "*Implementation of Research-based Extension Programs Towards Attainment of MDGs*," it is believed that using Research as a tool in preparing extension services programs would result in a more objective and professional implementation of extension programs in the accomplishment of the MDGs.

This exercise is an innovative trend for PAEPI to go international and be at par with global standards!

TO ALL PAEPIANS, let us put our acts together to elevate extension programs in the country to support CHED and other partner agencies who share the same concern and interest through our renewed passion in Extension, Research works, services, and commitment. After all, as responsible extension workers with a heart and agents of change, we human beings are God's instruments for a better and progressive nation!
