Table 3. What the Participants Liked Least About the Event

What aspects(s) of the event do you like least?
None (mentioned by 7 participants)
The presentations were too similar
Perhaps more interactive activities
NI-Ph members were only few attendants during the event
Topics

Table 4 displays the qualitative feedback of the participants. The suggestions will be considered in succeeding activities.

Table 4. Remarks/Comments/Suggestions

Other comments/suggestions for improvement:
1.Upcoming NI programs / meetings including the agendas should be advised well in advance for the member to prepare themselves.
2. Assistance to be given to the members for renewal of their membership
3. Any NI advisory to be timely disseminated to the members
Perhaps fewer presentations (some were repetitive) and some time for questions/comments on the presentations
More NI events. Congrats
Looking forward to more NI events in the Philippines
more partnerships made possible by NI Ph Branch
More interactive events like this
Experienced seafarer to discuss the topics
More technical related presentations
We should do this more.
NI-Ph should meet regularly conducive to each schedule and availability
Most Ni Ph members are active seafarers and on-board, it would be more appreciated if the event was Hybrid
Many were encouraged to be an NI member and hopefully there will be free membership (as raffle price)
More than 100 confirmed their participation and had registered, however only <u>74</u> actually participated. Next time, put RSVP as registration is free with meals and certificates and if registered but did not arrive, then suggest that they will pay to ensure, complete attendance to the event

Concluding Remarks

The participants were very satisfied with the NI event; however, some things still need improvement to meet the participants' expectations. Their suggestions will be considered in succeeding activities.
