I worked with Ayu during the lead up to, and during, the 5th IICSDGS 202, a large, international online conference. It was evident that her early planning and attention to detail meant that my participation across timezones went smoothly. In her role as moderator during the conference, she was thoroughly professional, asking well-considered questions, whilst simultaneously dealing with technical issues. It was an absolute pleasure working with Ayu, and I would be delighted if ever asked to collaborate with her again.

Ayu and her team hosted a wonderful conference on the SDGs and health, in Gorontalo Sulawesi 2019. It was a pleasure to be a speaker and to observe the important research the University and their students are undertaking. Keep up the great work!

I have collaborated with miss Ayu A. Rachman, and I was impressed despite her young age, about her ambition, broad views, innovative ideas, her managerial skills and her endless energy to get the job done. It was for me very pleasant work experience in Indonesia to do an international collaboration project at the Bina Mandiri University in Gorontalo in the framework of the Dutch non-profit organization PUM Netherlands Senior Experts program. The 3/years project done was considered very successful. //

kita tahu persis bahwa kehadiran waralaba ini akan mempengaruhi permintaan daging, khususnya sapi dan ayam.

daging ayam dan sapi di Provinsi Gorontalo belum juga surplus. Walaupun populasinya mengalami peningkatan, tetapi kita masih menerima daging dari luar kota seperti Sulawesi Selatan.
