

# International Womens Day

## AMOSUP Convention Hall

*Dr. Baylon was glad to engage in discussions and conduct a pilot test of the structured interview questionnaires approved by the AMC Research Ethics Committee for the IAMU and Nippon Foundation-funded research project, Women in Maritime: Aiming for a Gender Equitable Future Workforce."*

The event was also supported by the Maritime Academy of Asia and the Pacific (MAAP), which sent several of its women cadets to participate. Impressively, the MAAP cadets won most of the creativity contests and took home three special raffle prizes. It was indeed a fun and meaningful day, featuring two inspiring mental health speakers: Dr. Claudette Cabinque, who spoke on Women Empowerment: Health and Wellness, and Ms. Robelyne Lomangco, who discussed WOMENTAL Health. All attendees went home with souvenir goodies courtesy of Duty Free Philippines.
